Moscow State University , Moscow
Faculty of Geology
Department of Engineering Geology and Hydrogeology.

ABOUT ME

A creative person, but I am not very afraid of routine work, if it allows me to grow as a spetialist I play the guitar and piano and lead a healthy lifestyle. I like to puzzle out new technology and electronics.

MOTIVATION

I am looking for a job with mentorship to develop in the field of IT. Ready to work both on developing projects and on ready ones.
